

	activities will finish at midnight but there will be one tent which will be open later. This late night tent will be surrounded by hemp bails to reduce the noise.	
17/20	Parish Environment	
17.1	To discuss Able Bridge and highways improvements Mr. Bassil, Mrs Cowdery and the Clerk have arranged to meet with two representatives from West Berkshire Highways department on 12 th March at 10.30am on site to discuss possible improvements to this stretch of road.	
18/20	Planning and Development	
18.1	To consider new planning applications and provide updates on any already considered. See appendix C below. 20/00263/HOUSE – Thornton House, Brimpton Lane. Proposed front boundary fence and landscaping, gates and piers It was resolved that the Parish Council should object to this application due to concerns about safety when the gates are closed, as it could lead to large vehicles reversing on to this busy stretch of road. The Parish Council would like the Highways Department to be consulted. 20/00414/FUL – Blacknest Bungalow, Brimpton Common. Alterations and extension to existing bungalow to create a 2-storey house The Parish Council resolved to respond with no objections. 20/00416/PACOU – Hyde End Farm, Hyde End Lane. Prior notification of proposed change of use of agricultural buildings to 5 dwelling houses The Chairman invited a member of the public to speak on this application and represent the views of residents of Hyde End Lane. There is concern that this development will lead to an increase in traffic on a single-track lane which is a private road, bridleway and footpath. There is also a lack of evidence that the building would not need substantial building works in order to convert it to houses. Although the Parish Council have not been invited to comment, as there is no statutory requirement for consultation on this type of application, it was agreed that the Clerk should raise these concerns with West Berkshire’s planning department.	Clerk
18.2	Pre-application discussion with Wasing Estate on amended proposals for the development at Shalford Farm Mr Perkins was invited to provide an overview of the new plans for the development of Shalford Farm. West Berkshire Council’s planning committee rejected the previous application for Shalford Farm and the Wasing Estate has therefore revised the plans. The new plans include a Dutch Barn which is 1.5m lower than the previous application and another building has been removed from the plan. The proposal includes a restaurant with 70 covers, to be open 5 days a week for lunch and dinner focussing on fermented food. A large field near to the proposed restaurant would be converted to a vegetable garden to provide produce for the restaurant. A smaller estate farm shop is proposed, selling produce from the vegetable field and meat from the organic farm. It is hoped that the majority of the produce sold in the shop would be from Wasing estate. The plan includes conversion of the existing piggery into 7 bedrooms and an additional 7 bedrooms on the second floor of the Dutch Barn. These bedrooms would be primarily to support the wedding business.	

	<p>A cooking school and bakery are also planned to support the weddings, corporate events and other ad-hoc events. Parking has been increased to 63 spaces and the travel plan includes an electric shuttle bus to get staff to the site.</p> <p>Concerns were raised about possible light pollution from the site, insufficient parking spaces and the increased traffic on the roads into the site.</p> <p>Mr Bassil suggested that Wasing Estate might consider increasing the number of passing places on Back Lane to alleviate some traffic issues.</p>	
18.3	<p>To consider response to the West Berkshire Settlement hierarchy, Settlement boundary and Housing & Economic Land Availability (HELAA) sites</p> <p>West Berkshire Council is reviewing its Local Plan to cover the period up to 2036. As part of this review they are seeking input on the Settlement Hierarchy, Settlement Boundary and the Housing and Economic Land Availability Assessment (HELAA), which includes all the sites submitted for potential development by landowners. Mr. Brims attended a briefing session on 10th February and has prepared draft responses which were discussed by the Parish Council.</p> <p>The Settlement Hierarchy Questionnaire was discussed and Mrs Cowdery made some suggestions for other local employers that should be listed. Mrs Cowdery to send these suggestions to Mr. Brims to be added to the questionnaire as appropriate. The questionnaire response will then be sent to West Berkshire Council.</p> <p>The response to the Settlement Boundary Review was discussed and it was agreed that there was not enough time to propose any changes to the boundary before the deadline of 27th March, as residents would need to be consulted. It was agreed that a working group of up to 6 people should be set up to discuss possible changes to the Settlement Boundary. Mr. Hicks to ask for volunteers from residents using the email mailing list. The draft response prepared by Mr. Brims was agreed with no changes.</p> <p>Three sites (BRIM1, BRIM2 and BRIM3) have been put forward by landowners in Brimpton for consideration in the HELAA. Site BRIM3 has already been categorised by West Berkshire Councils as ‘not developable in the next 15 years’. Sites BRIM1 and BRIM2 for a development of 163 houses are considered unsuitable as they are outside of the settlement boundary and unsustainable according to the settlement hierarchy which rates Brimpton as one of the ‘smaller villages with settlement boundaries – suitable for limited infill development’. The Parish Council agreed that the draft HELAA response presented by Mr. Brims should be sent to West Berkshire Council.</p>	
19/20	<p>Consultation documents requiring consideration</p> <p>None</p>	
20/20	<p>Finance</p>	
20.1	<p>To approve payments and reconciliation against bank statements.</p> <p>See Appendix A below. It was unanimously agreed to approve the payments for March, Clerk to process. The bank reconciliation was checked and signed by Mr. Hicks.</p>	Clerk
20.2	<p>Grant request from Brimpton Common Fuel Allotment Trust</p> <p>The grant request for £60 for grass cutting at the Brimpton Common Fuel Allotment was approved. The grant request for £90 for public liability insurance was deferred until the charity has a setup its new bank account.</p>	
21/20	<p>Reports</p>	

21.1	District Councillor's Report Not present.	
21.2	Clerk's Report Clerk will attend the West Berkshire District Parish Conference on 12 th March and will report back to the Council. The theme is West Berkshire's Environmental strategy. Clerk will attend webinar training course 'Making word and pdf documents accessible' on 11 th March.	
21.3	Report from Village Hall Committee The Village Hall lost 10 roof tiles during the recent storms so the committee are arranging for these to be replaced. The damaged hedge will be addressed in Spring. A Soup morning was held at the hall. It was well attended and raised funds for the Village Hall.	
21.4	Report from Parish Council representatives on outside bodies AWE The next AWE LLC meeting will be on 18th March. The Government has announced the replacement warhead programme and the continued use of the Trident nuclear deterrent. This is good news for the future of AWE. Recreation Ground - Mr Brims reported that the Brimpton Recreation Ground would be placed on the open market by the end of March. If the Trustees receive an offer that they consider to be acceptable, a public meeting will be called and residents invited to give their opinions. Any sale can only take place with the support of parishioners and the land must be sold for a true market value, due to Charity Commission regulations. The proceeds of any sale would go towards finding another piece of land in a more central location or if this is not possible the money will be put on deposit to benefit local residents.	
22/20	Public Forum 22.1 A member of the public reported that the installation of the SSE high capacity electricity cable from Thatcham to Ashford Hill is likely to start in September.	
23/20	Date of Next Meeting : 7th April 2020 at 7.30pm	
	Meeting closed at 9.25pm	

Signed: Date:.....
(Chairman)
